

Paper Easter Eggs

Decorate your house this Easter with these beautiful, simple and striking paper eggs to hang on branches for a table centrepiece.

You will need:

- Paper/thin card
- Glue
- String
- Scissors
- Tape
- Branches
- Vase

Method:

Step One

Create an egg shaped template on a piece of paper and use this to draw five eggs.

Step Two

Cut out the eggs and fold each one in half lengthways.

Step Three

Place glue on one edge and place half of another folded egg to it. Repeat until all but the last side of the last egg has been glued together.

Step Four

Cut a length of string and use the tape to stick the string in the middle of the egg. Then glue the final sides together. Your egg is finished and ready to hang.

The history Behind Easter

Easter Sunday is the most important celebration in Christian calendars. It is the day Jesus rose from the dead after dying for our sins. John 3:16, the world's most famous Bible verse, is heavily featured on this day. Throughout Lent churches are kept bare, however on Easter Sunday churches are adorned with flowers, and the colours white and gold to bring joy to this special occasion.
